The Matriarchal Way

LEADERSHIP RETREAT

Four days at Glen Eyrie Castle · A circle of fourteen leaders

Lead from care, not control.

Most of us lead inside systems shaped by patriarchy: hierarchy, accumulation, and the assumption that someone must be on top. Matriarchy offers a different organizing principle. Building on the matriarchal roadmap laid out in Robyn Short's newly released book, *The Matriarch Effect*, this retreat moves the paradigm from the page into your own leadership practice.
